

ROYAL INSTITUTE FOR CULTURAL
HERITAGE
AND
UNIVERSITY OF ANTWERP

WORKSHOP

NACHO

"NON-DESTRUCTIVE ANALYSES OF
CULTURAL HERITAGE OBJECTS"

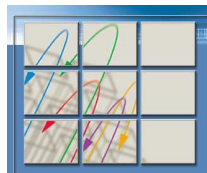

8-9 OCTOBER 2009

Universiteit
Antwerpen

A two-day symposium is organised by the Royal Institute for Cultural Heritage (IRPA-KIK) and the University of Antwerp (UA) in the framework of the Inter-University Attraction Pole (IAP) project P6/16 "Non-destructive Analyses of Cultural Heritage Objects" (<http://www.nacho.ulg.ac.be>) financed by the of Belgian Science Policy.

Besides the partners of the network NACHO project (Université de Liège, Universiteit Antwerpen, Universiteit Gent, Le Centre de recherche et de restauration des musées de France), scientists from IRPA-KIK and several invited speakers will present their expertise and research activities in the three sessions program focused on :

- IR and Raman Spectroscopy
- X-ray based methods
- Rembrandt's materials and technique

The symposium closes with an organised visit of the laboratories and the restoration workshops of IRPA-KIK.
